COURSE DESCRIPTION

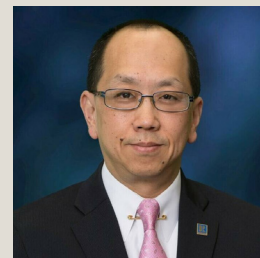

Take the Guesswork Out of Pricing Homes! Effectively determining residential property values is an essential skill for agents assisting both sellers and buyers. Your PSA certification will equip you with the skills to evaluate the real estate market and give you a deeper understanding of the pricing process.

Topics covered in this class:

- Determine the market-based value range of a home
- Choose the most appropriate comparable for a property
- Compile a CMA report for property presentation
- Collaborate with appraisers

Plus access to Marketing Materials, Shareable Content, Networking Groups and Online Membership Directory
